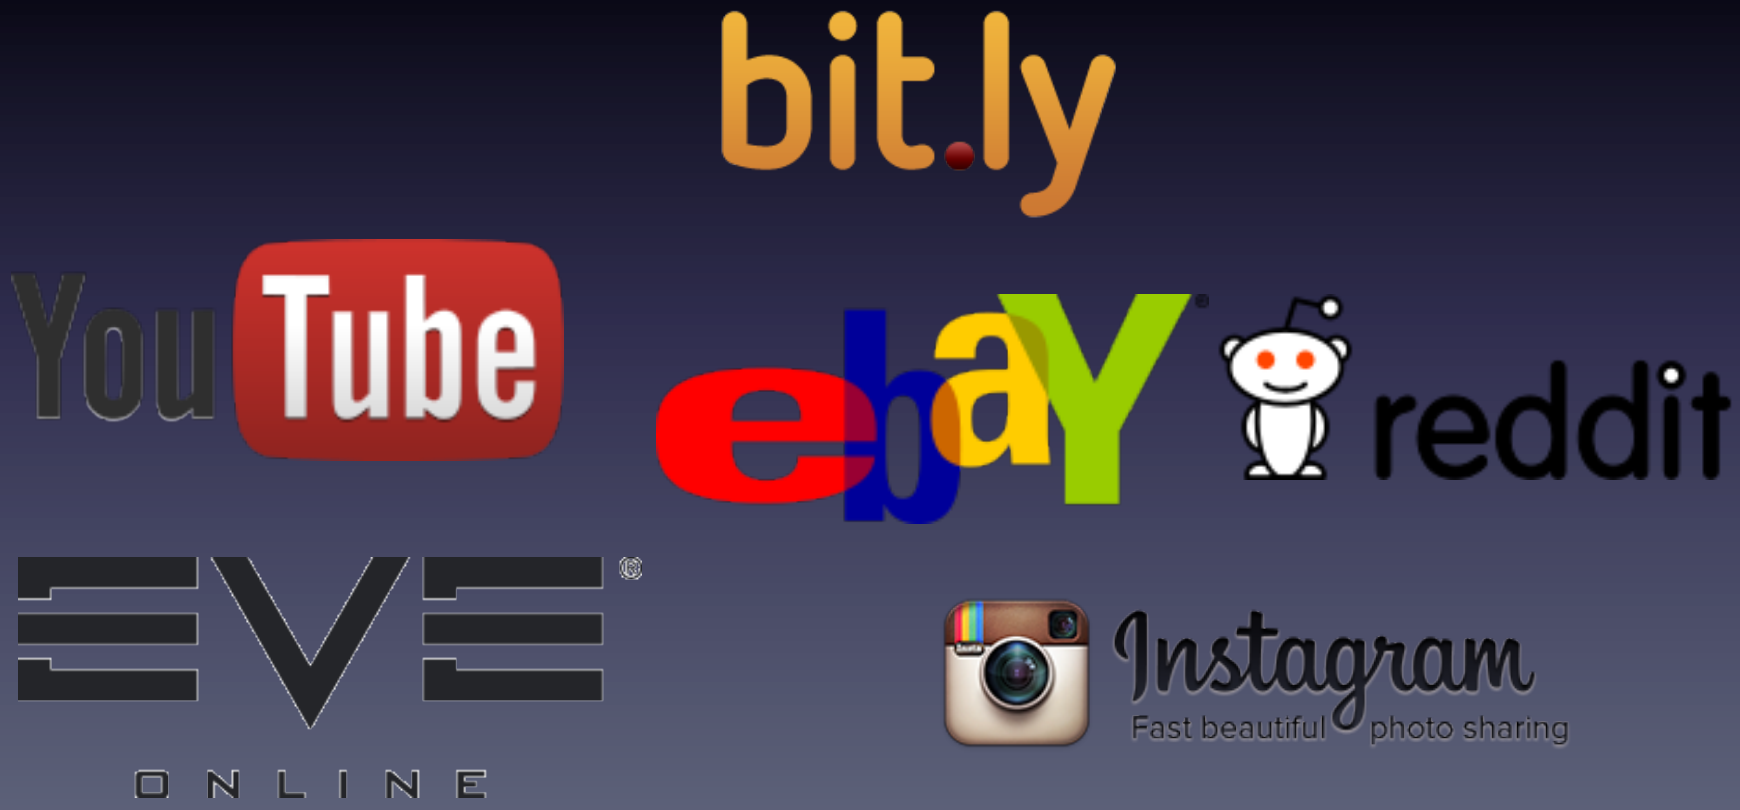
Python

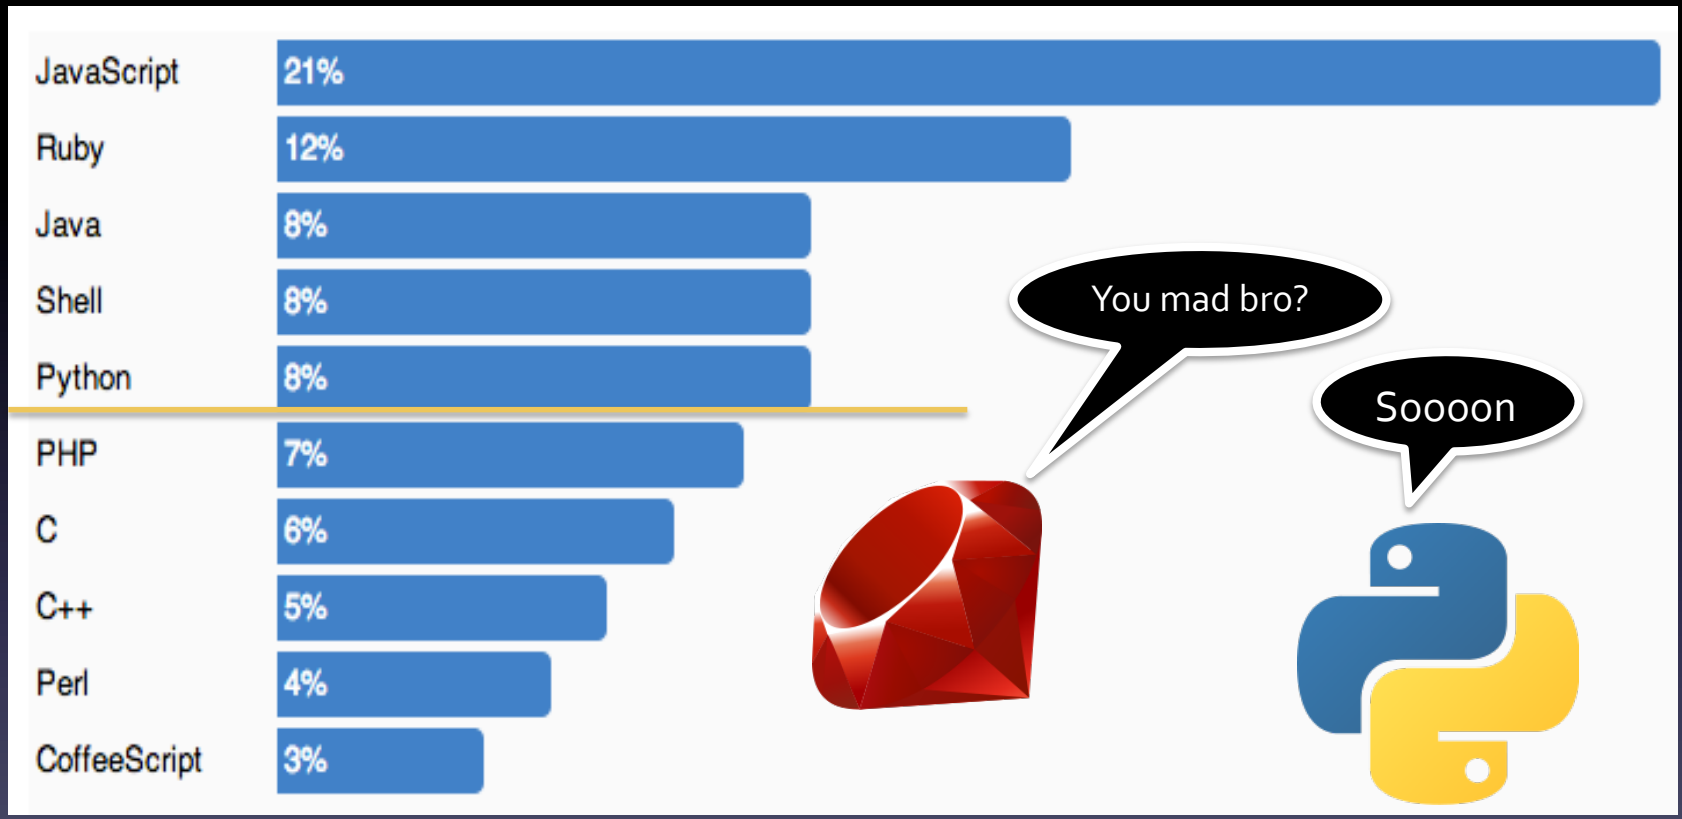
But Why?

By George Stoumpos

Who uses Python anyway?



Python shall rule ze World!



Why should I learn Python?

- It's Free!
- It's quick
- It's really easy to learn
- Loads of free resources
- Great Community

What can I build using Python?

- Web Applications [Django, Google App Engine, Flask]
- Desktop GUIs [PyGTK, PyQt]
- Game and 3D graphics [PyGame, PyKyra]
- And many more

Python's Battleships = Web Application Frameworks

django

Flask

web development,
one drop at a time

Tornado

Hope we whet your appetite

GoCode Thessaly

- on Facebook [GoCode Thessaly]
- on Google Groups [GoCode Thessaly]

…Nough said, GoCode……
